

### [3] THE 7 SPIRITS

An Application of Isaiah 11:1-10

#### The LORD

We look to the LORD for his Presence in our condition and his vision and provision for our lives, our systems, and our world.

Knowing

#### Wisdom

We discern with God to identify right perception, right thought, and right living based on experience: God's, our own, and others.

Doing

#### Council

We connect our understanding with other's to reveal God's full truth and provision through fellowship.

Becoming

#### Knowledge

As our work completes we grow in deeper understanding of our world, ourselves, our God, and others.

#### Understanding

We apply wisdom to our situation through comprehension, processing, and application in the presence of God.

#### Might

By God's power manifest in and over us, we accomplish our work with insight and empowering relationships.

#### Awe

Deeper knowledge produces awe -- the encounter of God's glory -- as our boundaries and identities are expanded.
